Dear Mr. Turner,

On behalf of our patients, their families and our staff, thank you for the toys donated by the Florida Land Rover Club.

With the holiday season upon us, many of our young patients spent the holidays here at All Children's Hospital. With your help, all of these children were able to enjoy the holidays by receiving holiday presents at their bedsides.

It is through the generosity and kindness of friends like you that helps bring smiles to our young patients ... helping to ease the anxiety they face with being away from home. The families of our young patients are also grateful for the wonderful outpouring of love and unselfishness that our community shares with All Children's Hospital.

Best wishes for a wonderful holiday season!

Sincerely,
